Home Dashboard

- This week entertainment.
- This month and next month counts.
- Schedule progress for the current year.
- Holiday coverage and booking highlights.

Calendar

- View bookings by Month or Week.
- Switch between Calendar and List formats.
- Review bookings added during the current week.
- Open booking details or download calendar events.
- Times display in the property timezone.

Booking Details

- Date, time, venue, performer, and performer bio.
- Headshot or promo video when available.
- Genre, instrumentation, social media, and website links when available.
- MHW account manager and MOD contact information.

Artist Feedback

From a booking detail page, clients can give artist feedback once the booking date has arrived. The portal saves a performer rating, hotel feedback notes, and the signed-in client contact name. If feedback is already on file, the portal shows a recorded status instead of allowing another submission.

Profile

Shows the client contact, property, and MHW account manager information connected to portal access.

Need Help

Use the Need help? widget for schedule questions, incorrect information, access issues, or requested updates.

Important Notes

- Access is managed by MHW. There is no public signup.
- Use the email address approved for portal access.
- If a secure link is expired or already used, request a new one from the sign-in page.
